INTEGRATED GROWING SOLUTION
FOR YOUR ENVIRONMENT

TIME & COST SAVINGS

CLEANER

ADAPTED

“ The grow bag saves us 25-50% in labor and reduces installation time. It’s already filled with substrate, simplifying and making the transplanting process cleaner, with the same consistency of HP[®] product. ”

Mitchell Alswiti, Master Grower and CEO of Purplefarm Genetics

PRO-MIX® HP® OPEN TOP GROW BAGS

Offer ideal drainage and air porosity, promoting healthier root development.

TIME & COST SAVINGS

- Less labor
- Quick set up
- Easy to handle
- Easy to tear off
- No container required

CLEANER

- Decreased risk of handling contamination
- No cleaning or sterilization needed
- Cleaner environment

ADAPTED

- Unique design which increase root development
- Improved leaching of fertilizer salts during crop cycle

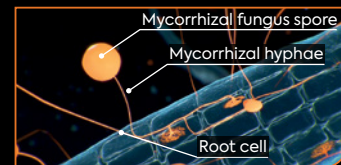

- 1 Good drainage capacity, high air porosity, lower water retention
- 2 8 pre-cut drainage holes
- 3 Unique design which increase root development

SPECIFICATIONS

THE PERFORMANCE OF PRO-MIX® WITH THE POWER OF AGTIV TECHNOLOGIES

AGTIV® REACH*

AGTIV® REACH™ helps plants develop a more extensive root system allowing plants to reach and absorb more nutrients and water, significantly enhancing growth, robustness, and vigor thanks to mycorrhizae.

AGTIV® AMPLIFY**

AGTIV® AMPLIFY™ promotes an amplified root system and better absorption of nutrients and water. It fosters faster germination, increases resistance to transplant shock, and optimizes growth rate and uniformity, thanks to Bacillus and mycorrhizae.

*PRO-MIX HP AGTIV REACH is only available in US. **PRO-MIX HP AGTIV AMPLIFY is only available in Canada.

Formulated with a specific blend of coir, PRO-MIX® CX provides an ideal environment for cannabis cultivation. Designed to give you more control over your crops to get the yields you want.

100% COCO

- pH Range: 5.5 - 7.0
- EC: < 0.5 mmhos/cm
- Water Holding Capacity: 50 - 70%* (5.5 - 6.5 l/kg)

EASY AND CONVENIENT

- 1 Insert your drip system directly in the pre-cut holes for faster expansion and more efficient watering or employ your preferred irrigation system.
- 2 The preformed center hole is designed to create the perfect transplanting space during expansion, saving you time and trouble.
- 3 Available in polythene bags and Non-woven bags.
